Digital Services in Kainos

Brendan Mooney (CEO)
Russell Sloan (Digital Services Director)

7 July 2020
Highlights.
A strong performance in-line with market expectations.

A strong performance in-line with market expectations.
• Revenue, profit and sales orders all showing progress.

Revenue diversification continues.
• International revenues up 72% to £39.9m.
• Commercial revenues up 58% to £63.1m.

Digital Services – solid growth delivered in uncertain macro environment.
• Significant ongoing engagements in UK government’s digital transformation programme, with solid progress in Healthcare and Commercial Sectors.

Workday Practice – high growth and international expansion continues.
• Workday Services and Smart both recorded exceptional growth.
• Adaptive Insight practice enhanced by acquisitions in UK, USA and Germany.

Continuing to build an exceptionally talented team.
• 1,715 people now working at Kainos, across 15 offices.

---

(1) Organic revenue growth was 17.5%
(2) Adjusted to remove the effect of share-based payments and related costs.
(3) After £7.4 million purchase of site for the development of future Belfast office and £4.6 million partial cash consideration for completed acquisitions.

- The full lifecycle development and support of customised Digital Services for public sector, healthcare and commercial customers.
- Our transformative solutions encompass a range of services from experience design to AI and Cloud to deliver truly intelligent solutions that are secure, accessible and cost-effective.
- We are one of Workday’s most respected partners.
- As a full-service partner, we are experienced in complex deployment and integrations, and the leader in Workday test automation.
- We’re trusted by our customers to launch, test, expand and safeguard their Workday systems.
Digital Services
Digital Services Overview.
Solid revenue growth, exceptional sales execution building a strong backlog.

Solid performance in face of uncertain UK political landscape.

- Revenue up 4% to £122.5m (2019: £117.3m).
- Very strong sales performance, sales orders up 38% to £169.3m (2019: £122.7m).
- Very strong backlog growth, up 48% to £123.5m (2019: £83.6m).

Growth achieved across all sectors.
- Growth in Commercial (15%), outpacing Public Sector (2%).
- Healthcare revenues, including Evolve, increased by 7%.
Digital Services Customers.
We have established a clear reputation for delivering value, at scale and at pace.
Public Sector revenue increased 2% to £86.4m (2019: £84.6m).
• Good performance with the backdrop dominated by the leadership contest, the general election and the uncertainty generated by the Brexit debate.

Partnership with NHS driving Healthcare revenues up 7% to £20.8m (2019: £19.4m).
• Working closely with NHS Digital to help deliver several urgent requirements to support the NHS COVID-19 response.

Existing client demand and notable new wins in Government.
• Significant extensions at DfT (Street Manager), DIT (Lite Exports), HMCTS (Testing).
• New projects with Companies House (Digital Partner), DVSA (Future Theory Test Service), HMRC (Transaction Monitoring platform), ONS (Matching Service).

Existing client demand and notable new wins in the NHS.
• Awarded competitive renewal of the NHS App programme.
• Secured key project to deliver the National Integration Adaptor programme.

Digital Services Public & Health Sectors.
Stable demand from UK Public Sector.

COMPETITIVE LANDSCAPE

• Direct sales model.
• Primarily time and materials.
Strong progress in Commercial Sector, up 15% to £15.3m (2019: £13.3m).
• Stable demand from existing clients, for example Concardis (Data & Digital).
• New projects underway at Intelligent Growth Solutions (IGS), Canada Life and Inspired Thinking Group (ITG).

COVID-19 impact.
• The sector that has seen the most impact from COVID-19.
• In recovery mode focusing on cost efficiency.
• Strong engagement with key partners – AWS and Microsoft.
• Strong interest from organisations looking to fast-track cloud migration.

Commercial Sector key segments.
• Financial Services – existing presence, immediate priority on payments.
• Construction, engineering & utilities – currently active with digital projects.
• Social sector – early positive engagement with the UN & WHO.

COMPETITIVE LANDSCAPE
• PA
• Capgemini
• Deloitte
• Methods
• Atos
• ThoughtWorks

COMMERCIAL DYNAMICS
• Jointly with partners.
• Specific market wedge offerings.
Operating Model.
Digital transformation by delivering difficult digital projects.

Outcome focused work.
- Agile delivery working along with clients.
- Enablement of client organisations.
- Over 30 years of engineering excellence as the foundation for successful delivery.

User first experience design.

Data to drive decision making.

Cloud implementation & management.

Staff mix.
- Target model is: 90% permanent staff, 10% contractors.

Team mix.
- Multidisciplinary teams.
- Scaling across multiple locations.
How we sell.
Success is rooted on understanding our customers’ needs, coupled with successful delivery.

Consulting and delivery led selling.
• Concentration on delivering continued value and building trusted relationships.
• We place user needs at the centre of everything we do and use service design to propose and develop the ‘right service’ all the time.

Build on strong references.
• Having deployed over 150 digital service solutions – including some of the highest profile UK programmes - we have an enviable reputation for repeatedly delivering successful outcomes to a loyal customer base across public, commercial and healthcare sectors.

Mature market offerings.
• Our Cloud, Data, AI, Design, Security digital transformation offerings are aligned with current and growing market needs.

Go-to digital transformation partner for Microsoft and AWS.
• Our engineering skills, coupled with leading cloud products has earned us the confidence and respect of global cloud services providers.
• Repeatable model for further opportunities beyond the UK

UK Govt: Digital Transformation Market.
Continued demand from UK central government departments.

Central Government marketplace growth trend continues.
• Long-term trend of 30%+ growth dropped to 7% in FY20.
• Leadership contest, general election, delay to the Comprehensive Spending Review and EU Exit uncertainty all proved distracting.
• Post-election, greater clarity on EU Exit and government priorities.

• Limited impact to existing digital projects and increase in short term digital projects to address the immediate need, especially within the NHS.
• National scale agile delivery at pace has proven to be very successful – accelerating digital transformation across government.

Changing market dynamic.
• Remote working being embraced and likely to continue for some time.
• Increase in automation requirements fuelling RPA and AI.
• Security and cyber threats increasing, and more onus placed on suppliers to address this within digital programmes.

UK PUBLIC SECTOR CENTRAL GOVERNMENT SPEND (FY20)

DIGITAL OUTCOMES FRAMEWORK FY21
KAINOS RETAINS DOMINANT POSITION
UK Govt: EU Exit.
Will drive additional IT change, but scope currently remains unclear

Unlikely to impact to existing business, with potential upside.

Current government position.
• EU Exit activity slowed during Covid-19 response, but now strongly back on the agenda.
• With department budget and staff availability constraints it is possible that some re-allocation of work from non-critical programmes may occur.
• Further clarity should be available post the autumn statement and continued EU Exit negotiations.

Kainos remains well engaged with the market.
• We operate across all the most impacted departments and our digital transformation skills and experience are highly relevant.

Kainos has experience of EU Exit work.
• Currently delivering EU Exit workstreams for Defra and Home Office.
• The International Trade platform for Defra could be extended to support new trading agreements with other countries.

Supporting the NHS and the UK Public Sector as it fights the pandemic.

**ISOLATION NOTE**

Isolation notes provide employees with the evidence for their employer to self-isolate for 7 days without the need to visit their GP.

We were able to deploy the new service in just two weeks.

The service went live on 20 March and has issued over 1.3 million isolation notes.

We built this service, and many others, for free.

(Resizable)

**HOME TESTING**

National scale service allowing people to book an appointment at a testing centre or request a home test.

Kainos asked to join the project on 17 April.

Service launched to key workers in just one week, to over 65’s and NHS 111 Referrals in two weeks and to all UK residents in four weeks.

The service is currently sending c.20,000 home test kits per day.

(Resizable)

**WELSH GOVERNMENT**

The Welsh Government announced a £1.1bn economic support package on 30 March.

Kainos built the service for grants to Micro and SME businesses.

Kainos started the project on 3 April, the citizen-facing app was live on 16 April followed by back office processing on 22 April.

In the first 3 days there were 6,674 applications totalling £152 million.

(Resizable)
